

# HUGIN OPERATOR COURSE

KONGSBERG

## COURSE DESCRIPTION

### LEARNING OBJECTIVES

After the course, the successful participants are able to:

- Understand the HUGIN system and fully utilize HUGIN capabilities
- Plan a HUGIN mission in its different modes
- Operate the HUGIN system
- Identify and recognize the different payloads the HUGIN can be mounted with, and have a basic understanding of its capabilities
- Carry out preventive user level maintenance

### TARGET GROUP

The HUGIN operator course is an open training course, for both civilian and military customers, enabling participants for duty as HUGIN operator.

### ENTRY REQUIREMENTS

In order to fully benefit from this course, the student should be well familiar with computers as a working tool. Furthermore the student must be fluent in English. No interpreter will be allowed during training. Kongsberg Maritime will provide student PCs.

### LEARNING PROCESS

The training course will be carried out with a mix of three different teaching methods; Lectures in classroom, presentations of HUGIN system and modules at vehicle, and student exercises - working in groups. The training will contain three sea trials, using Kongsberg Maritime's "KM3".

Configuration will be given upon request.

### DURATION

15 Days

### NO. OF PARTICIPANTS

Maximum 8

### SPECIAL INFORMATION

The professional behavior verbs used in this document are based on DNV Standard no. 3.323.
